COMMERCIAL ELECTRICAL INSPECTOR CERTIFICATION Cost Code 7631

Reason for Credential: Pursuant s. 101.88 (2), Stats., no person may conduct the inspection of electrical installations in public buildings and places of employment for the purpose of administering and enforcing ch. Comm 16 unless the person holds a credential issued by the department as a certified commercial electrical inspector.

A person holding a commercial electrical inspector certification can inspect one- and two-family dwellings.

Requirements of Credential: A person who inspects electrical construction work as a certified commercial electrical inspector shall:

- Maintain a record of the inspections made including the dates and the findings of the inspections;
- Provide a copy of the inspection report to the property owner or his or her agent; and
- Make available to the department upon request his or her inspection records.

A person who holds the credential shall carry on his or her person the credential issued by the department while performing or conducting the activity or activities permitted under the credential.

Education Hours Required to Renew: The renewal of a credential as a certified commercial electrical inspector expiring after June 30, 2006, shall be contingent upon the inspector obtaining at least 24 hours of acceptable continuing education by March 30th of the year the credential expires. A person who holds a credential as a certified commercial electrical inspector may apply to the department for waiver of the continuing education requirements on the grounds of prolonged illness or disability or similar circumstances. Each application for waiver shall be considered individually on its merits by the department.

APPLYING FOR COMMERCIAL ELECTRICAL INSPECTOR CERTIFICATION

A person may obtain a credential as a certified commercial electrical inspector by either one of the following:

- Method 1 Completing the necessary hours of experience and taking and passing the commercial electrical inspector certification examination.
- Method 2 Submitting evidence of holding a current certification as a:
 Master electrician issued under s. Comm 5.42.
 Electrical Inspector or Commercial Electrical Inspector certification issued by the International Code Council
 Electrical Inspector-Master certification issued under the International Association of Electrical
 Inspectors/National Fire Protection Association

Apply for the credential by following the instructions for either method 1 or method 2.

METHOD 1 - Hours of Experience and Examination

Application and Exam Fee (nonrefundable): **\$30.00** Make checks payable to: Department of Commerce. The fee consists of a \$10 application fee and an exam fee of \$20. When the exam is passed, the applicant will be asked to pay a \$30 credential fee which will be prorated because the credential expires on a specific date. The credential, which will be issued after the exam is passed and the prorated credential fee paid, will be effective for 4 years from June 30th. Office location: 201 W. Washington Ave, Madison. Mailing address: PO Box 7082, Madison, WI 53707.

Qualifications for Examination: A person applying to take a commercial electrical inspector certification examination shall have one of the following:

- At least 1,000 hours per year for at least 6 years of experience in electrical construction work. If a person has successfully completed semesters in a school of electrical engineering or other accredited college, university, technical or vocational school in an electrical-related program, the applicant may claim 500 hours of experience for each semester up to a total of 3,000 hours toward the required experience.
- At least 1,000 hours per year for at least 3 years of experience in electrical construction work and has a degree in electrical engineering from an accredited college or university.
- At least 1,000 hours per year of for at least 3 years experience in electrical construction work and holds a credential under ch. 443, Stats., as a registered professional engineer, a registered architect or a certified designer of electrical systems.

If the experience you gained spanned more than 12 consecutive months use a separate row for each 12 month period. The Time Period does not have to be consecutive years from one row to the next. In the Time Period column fill in the beginning month and year and the ending month and year in which the experience hours were completed. In the Experience Hours column fill in the number of hours claimed for that time period but do not record more than 1000 hours in the column even if you worked more than 1000 hours. If the hours were witnessed by more than one person, the hours witnessed by each person must be filled in on separate rows. Photocopies of this page may be made if you need additional room or would like to mail to witnesses to sign. The witness must have observed or had knowledge of the number for work hours performed in electrical construction. Electrical construction means the design, installation, inspection or supervision of electrical wiring. Electrical wiring means all equipment, wiring, material, fittings, devices, appliances, fixtures and apparatus used for the production, modification, regulation, control, distribution, utilization

or safeguarding of electrical energy for mechanical, chemical, cosmetic, heating, lighting or similar purposes as covered by the scope of ch. Comm 16.

Time Period		Experience Hours	Hours Witnessed by (please print or type)	Signature of Witness	Telephone Number of Witness
Began Month/Yr	Ended Month/Yr				

For each semester in a school of electrical engineering or an electrical-related program, specify the beginning and ending date of the semester, record 500 hours of experience, write the name of the school, and **ATTACH** a copy of the official transcripts from the school to this form. Photocopies of transcripts will not be accepted. No experience hours should be recorded if official transcripts are unavailable.

Time Period		Experience Hours	Name of School
Began Month/Yr	Ended Month/Yr		

If you hold a credential issued under ch. 443, Stats., as a Wisconsin registered professional engineer, registered architect or a certified designer of electrical systems ATTACH a photocopy of your credential.

In order to obtain the credential the applicant must obtain a score of at least 70% on an examination. The exam will cover chapters Comm 5 and Comm 16 (Electrical Code-Vol. 2), Wisconsin Administrative Code; and the 2005 National Electrical Code (NEC). Copies of current Wisconsin Administrative Codes may be obtained from Document Sales @ (608) 266-3358 or @ (800) 362-7253. Copies of current National Electrical Codes may be purchased from the National Fire Protection Association @ (800) 344-3555.

To schedule an exam:

- In the table below circle the month you would like to take the exam and the city in which you would like to take the exam. Record a telephone number where you can be reached during the day in case the exam center is filled for that date. The department will attempt to call and offer exams at available sites or dates.
- Submit the **FEE AND THIS APPLICATION** with the month and city circled for the exam to the division **at least 30 days in advance of the exam date chosen**. Note you may wish to keep a copy of this letter for your records.

Exam Name:	This is a 4-hour exam and will be scheduled for the a.m.
<p>Circle the exam location of your choice below.</p> <p>Then below the location, circle the day you would prefer to take the exam.</p>
